

Upgrade from your old printer to The Latest **SafetyPro™** Industrial Labeler!

If you're still using an older labeling system, you don't know what you're missing! With a SafetyPro Industrial Labeler, you'll get updated custom labeling software matched with the industry's most reliable label printer. You'll be creating and printing full-quality labels faster than you ever thought possible!

EASY LOADING RIBBONS AND TAPE!

The SafetyPro opens WIDE, for easy loading of ribbons and tapes. No more fumbling inside a dark, cramped machine!

A FULL ARRAY OF QUALITY SUPPLIES!

Your new label printer opens new possibilities for quality labeling supplies, including UltraPeel Vinyl, our easiest-peeling and highest durability vinyl ever! SafetyPro has it all, from pre-sized Arc Flash and RTK die-cuts, to OSHA and ANSI standard colors and more!

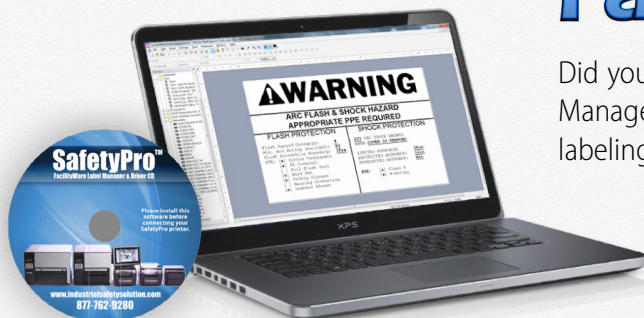

Call us today for your best upgrade options!
